Paper 01

1 hour 30 minutes

31 MAY 2018 (p.m.)

READ THE FOLLOWING INSTRUCTIONS CAREFULLY.

1. This test consists of 45 items. You will have 1 hour and 30 minutes to answer them.
2. In addition to this test booklet, you should have an answer sheet.
3. Do not be concerned that the answer sheet provides spaces for more answers than there are items in this test.
4. Each item in this test has four suggested answers lettered (A), (B), (C), (D). Read each item you are about to answer and decide which choice is best.
5. On your answer sheet, find the number which corresponds to your item and shade the space having the same letter as the answer you have chosen. Look at the sample item below.

Sample Item

Cultural renewal refers to the revival of

Sample Answer

- (A) the art form
- (B) cultural practices
- (C) natural resources
- (D) human interaction

The best answer to this item is “cultural practices”, so (B) has been shaded.

6. If you want to change your answer, erase it completely before you fill in your new choice.
7. When you are told to begin, turn the page and work as quickly and as carefully as you can. If you cannot answer an item, go on to the next one. You may return to that item later.
8. You may do any rough work in this booklet.

DO NOT TURN THIS PAGE UNTIL YOU ARE TOLD TO DO SO.

- (A) gender differences
 - (B) stratification in the society
 - (C) equity among members of society**
 - (D) improvements in the justice system
31. Which of the following objectives would NOT be a purpose for conducting research?
- (A) To validate a theory
 - (B) To generate new knowledge
 - (C) To address questions about the world
 - (D) To gather data to support the researcher's agenda**
32. The research process is systematic because it
- (A) allows for detailed scrutiny
 - (B) is theory-based and fact finding
 - (C) involves the interpretation of data
 - (D) is structured so that it can be replicated**
33. Which of the following activities is involved in identifying the research problem?
- (A) Hypothesizing
 - (B) Interpreting data
 - (C) Observing subjects
 - (D) Reviewing the literature**
34. It is true to say that the research objective is the same as the
- (A) outcome of the research activity
 - (B) reason for the problem being researched
 - (C) hypothesis related to the problem being researched
 - (D) summary of what the research is expected to achieve**
35. Participant observation is viewed as a subjective method of data collection because
- (A) too much is reported
 - (B) what is seen is not reported
 - (C) the wrong conclusions are drawn by the researcher
 - (D) of the researcher's close association with the respondents**
36. Which of the following procedures is NOT a probability method of sampling?
- (A) Random
 - (B) Stratified
 - (C) Purposive**
 - (D) Systematic
37. Dr Goodwin told her students that while conducting their research they should think about how the data will be collected and the impact the data collection is likely to have on the respondents. To what research concept was Dr Goodwin referring?
- (A) Ethics in research**
 - (B) Accessible statistics
 - (C) Empirically based research
 - (D) Ambiguity in the research instrument
38. Which of the following outcomes is NOT an advantage of using a questionnaire as a data collection instrument?
- (A) It targets a large population because it is easy to distribute.
 - (B) Data are easily analysed as responses are usually short answers.
 - (C) It ensures confidentiality as respondents are not required to give names.
 - (D) It is flexible as additional information can be obtained from respondents.**

39. Why is it important to clarify a research problem in the initial stage of the research process?
- (A) To give insight into the issue being investigated
 - (B) To provide the basis for conducting an empirical investigation**
 - (C) To provide a solution to the problem being investigated
 - (D) To prohibit the formation of multiple problem statements
40. Which of the following statements satisfies the criteria for a hypothesis?
- (A) How are the residents of Craiginsh Road affected by crime?
 - (B) An investigation into the causes of crimes committed in Craiginsh Road.
 - (C) The residents of Craiginsh Road continue to be victims of crime.
 - (D) The rise in crime in Craiginsh Road has resulted from high unemployment.**
41. In collecting data for her research project, Michelle organizes a discussion for selected students from her school to get their opinions. What data collecting method is she using?
- (A) Focus group**
 - (B) Target population
 - (C) In-depth interviews
 - (D) Participant observation
42. Researchers interested in the consistency of their research results are concerned with
- (A) validity
 - (B) accuracy
 - (C) relevance
 - (D) reliability**
43. Which of the following factors is of LEAST importance when refining a research problem?
- (A) Relevance
 - (B) Feasibility
 - (C) Sample size**
 - (D) Availability of information
44. John was asked to research the reasons persons chose the police force as a career. He chose to use the stratified sampling method. What is the MAIN disadvantage of using this method for this research?
- (A) It is not appropriate for a large population.
 - (B) A complete list of interested persons is difficult to obtain.
 - (C) A member of a subpopulation is randomly chosen.
 - (D) Members of the population do not have an independent chance of selection.**
45. Ravi thinks that the results from his research could be affected by the size of the sample. In what section of his research report should he explain this?
- (A) Limitations**
 - (B) Analysis of data
 - (C) Research methodology
 - (D) Presentation and discussion of findings

END OF TEST

IF YOU FINISH BEFORE TIME IS CALLED, CHECK YOUR WORK ON THIS TEST.
