Paper 03/2 – General Proficiency

1 hour 10 minutes

**You are advised to use 10 minutes to read through
the paper before attempting to answer the questions.
Writing may begin during this time.**

GENERAL INSTRUCTIONS

- (i) This paper consists of **FIVE** questions. You **MUST** answer **ALL** the questions on this paper.
- (ii) Use this answer booklet to respond to the questions. For **EACH** question, write your answer in the space provided.
- (iii) If you need additional paper to write your answers, request it from the supervisor.
- (iv) Attach any additional paper that you use securely to this answer booklet.
- (v) Return this answer booklet at the end of the examination.

DO NOT TURN THIS PAGE UNTIL YOU ARE TOLD TO DO SO.

Before you write your answers, choose ONE of the following topics and write it in the space provided. You will be required to answer the following questions related to the topic you have chosen.

- (i) The effects of dance-hall music on adolescents' behaviour in my community
- (ii) The views of the citizens in my community on capital punishment

Topic: _____

1. (a) Write ONE reason why you would want to investigate the topic you have chosen.

(2 marks)

- (b) State the aim of the study you have chosen by completing the following statement.

The aim of the study is to _____

(2 marks)

- (c) Write ONE research question for the topic you have chosen.

(2 marks)

- (d) Identify ONE term in the topic you have chosen that should be defined.

(1 mark)

- (e) Questionnaires may be used to gather information. Apart from questionnaires, identify ONE other research instrument that would help you to gather information on the topic you have chosen.

(1 mark)

Total 8 marks

2. (a) Identify TWO sources you may use to obtain information on the topic which you have chosen.

(2 marks)

- (b) Write ONE question for a questionnaire that you may use to collect data on the topic you have chosen. The answer to this question should be either “yes” or “no”.

(2 marks)

- (c) The median or middle score is ONE method of describing statistical data. State ONE other way to describe the statistical data provided by the sample.

(1 mark)

Total 5 marks

3. (a) A sample is a part of a population. Identify a population from which you would select a sample for the topic you have chosen.

(1 mark)

- (b) Describe the method that you would use to select your sample from the population you have identified in 3 (a) above.

(2 marks)

- (c) Give ONE reason why you have selected the method of sampling you described in 3 (b) above for your study.

(2 marks)

Total 5 marks

Questions 4 and 5 are based on the following case study. Answer BOTH questions.

The Effects of Hurricane Precious on the Residents of Garth

Garth is a rural settlement with a population of 2000 persons. It is located in the valley of the Dimsy River. Researchers from the Disaster Management Unit investigated the impact of Hurricane Precious on the residents. Two hundred persons between the ages of 18 and 65 formed the sample for the study. The researchers spoke with persons in the sample and surveyed the damage caused by the hurricane. They found that the houses of 80 persons were totally destroyed, 60 persons lost their roofs, 40 persons lost cattle and crops and 20 had relatives who died as a result of flooding. The findings were documented and presented in Parliament.

4. (a) State the MAIN focus of the study conducted by the researchers.

(2 marks)

- (b) Write TWO statements of fact about Garth.

(2 marks)

- (c) Identify TWO instruments that were used by researchers to collect the statistical data in this study.

(2 marks)

- (d) Identify TWO characteristics or features of the sample that the researchers studied.

(2 marks)

- (e) State TWO important findings of the study conducted by the researchers.

(2 marks)

Total 10 marks

GO ON TO THE NEXT PAGE

5. (a) (i) Display the data that the researchers obtained in the table below.

Damage / Loss	Number of Residents	Percentage of Sample

N =

(4 marks)

- (ii) In the grid provided, display as a bar graph the data that the researchers collected from the sample.

(4 marks)

- (b) State TWO advantages of displaying the data as a bar graph in 5 (a) (ii) above.

(2 marks)

- (c) State ONE recommendation which the researchers are likely to make to Parliament based on their findings.

(2 marks)

Total 12 marks

END OF TEST
